

IMPORTANT SAFETY RECALL

DeWALT® and Stanley® Fiberglass Sledgehammers

Stanley Black & Decker has identified the potential hazard that the head of the sledgehammers can loosen prematurely on its first or early use and detach unexpectedly, posing an impact injury hazard to the user.

The following models are affected:

DeWALT®	Stanley®
DWHT56141 – 2lb Drilling Hammer	FMHT51297 – 4lb Engineer Hammer
DWHT56142 – 3lb Drilling Hammer	FMHT51298 – 4lb Blacksmith Hammer
DWHT56143 – 2-1/2lb Engineering Hammer	FMHT51308 – 3lb Drilling Hammer
DWHT56146 – 2-1/2lb Blacksmith Hammer	FMHT56006 – 3lb Drilling Hammer
DWHT56147 – 4lb Blacksmith Hammer	FMHT56008 – 4lb Blacksmith Hammer
DWHT56148 – 4lb Engineering Hammer	FMHT56009 – 4lb Engineer Hammer
DWHT56024 – 4lb Drilling Sledgehammer, hollow handle	FMHT56010 – 6lb Sledgehammer
DWHT56025 – 4lb BS Sledgehammer, hollow handle	FMHT56011 – 8lb Sledgehammer
DWHT56026 – 4lb ENG Sledgehammer, hollow handle	FMHT56019 – 10lb Sledgehammer
DWHT56027 – 6lb Sledgehammer, hollow handle	
DWHT56029 – 10lb Sledge 36" Hammer, hollow handle	
DWHT56030 – 12lb Sledgehammer, hollow handle	

The sledgehammers are yellow and black. The model numbers of the DeWALT® hammers are marked on the hammer head. Model numbers of the Stanley® hammers are located on a sticker on the handle.

If your hammer is affected, STOP USING IT IMMEDIATELY and contact Stanley Black & Decker to obtain a refund.
